LOCATION

Total Power Limited
6450 Kestrel Road, Mississauga, L5V1Z7

Refreshments will be provided

The Demo Features:

- Live paralleling demo with GenLink™ monitoring software
- Generac 600 kW Bi-Fuel™ cutaway display
- Interactive genset controllers
- Generac's new PSTS transfer switch product line
- Overview of Power Design Pro™, the most powerful sizing & system design software in the market

This 53-foot tractor-trailer profiles Generac's Modular Power System (MPS) technology.
